

GROUNDWATER MANAGEMENT AREA NO. 1

Notice of Meeting/Public Hearing
10:30 AM
June 3, 2010
Panhandle Regional Planning Commission
3rd Floor Conference Room
415 W. 8th
Amarillo, Texas 79105

As required by Chapter 36.108(e) Texas Water Code, notice is hereby given by the Board of Directors of the North Plains Groundwater Conservation District, the High Plains Underground Water Conservation District, the Hemphill County Underground Water Conservation District and the Panhandle Groundwater Conservation District for the Districts' participation in a joint planning meeting, as required by Chapter 36.108. At the joint planning meeting, the presiding officer or the presiding officer's designee as required by Chapter 36.108(c), along with any number of members of the Board of Directors, will convene for the purpose of joint planning only and not to conduct any other District business. The joint planning meeting will be comprised of the Groundwater Conservation Districts (GCDs) located wholly or partially within Groundwater Management Area #1 (GMA #1) as delineated by the Texas Water Development Board. GCDs located in GMA #1 are as follows:

North Plains Groundwater Conservation District, High Plains Underground Water Conservation District No. 1, Hemphill County Underground Water Conservation District, and the Panhandle Groundwater Conservation District

At such time, any Board Members present and/or the designee of the respective District will discuss and may take any action on any items on this agenda (not necessarily in the pre-arranged order) it may determine would be appropriate for joint planning of GCDs in GMA #1.

Re: Agenda Item #6

Discuss and Consider - Action as may be necessary in regard to the adoption of a Desired Future Condition in the Dockum and Blaine Aquifers in the GMA#1 planning area.

The notice of this meeting has been sent to each GCD via certified mail so that the GMA#1 has the capacity to vote on Desired Future Conditions. At the previous GMA#1 meeting, the membership discussed a draft resolution that might be used to both adopt the a Desired Future Condition for the Dockum and Blaine Aquifers.

Discussion points and data to be provided by GMA #1 members at the meeting as appropriate. Data and discussion from all previous agenda items may be pertinent to and utilized in discussion under this agenda item.
